## MINUTES OF MEETING OF FEEDBACK ANALYSIS COMMITTEE

A meeting of Institutional feedback analysis was held on 6<sup>th</sup> March 2020, at 03:00 pm at Principal office, School of Pharmacy & Research. The meeting was conducted to Analyzed feedbacks from Students, Alumni, Parents & Faculty from School of Pharmacy & Research. The meeting was attended by following members:

S. No.	Name	Designation	Signature
01.	Prof.(Dr.) Neeraj Upmanyu	Chairperson	
02.	Mr. Anand Shrivastava	Member	
03.	Mr. Atul Tripathi	Member	
04.	Mr. Surendra Dangi	Member	
05.	Mr. Sumit Chourasia	Member	
06.	Mr.Kailash Sahu	Member	

All the members were welcomed by the chairperson of feedback committee and the following Agendas were overviewed

### **Agenda 1**

To analyze the Student feedback for teaching

### **Agenda 2**

To analyze the Parents feedback

### **Agenda 3**

To analyze the Faculty feedback

### **Agenda 4**

To analyze the Alumni feedback

**According to feedbacks some discussion were taken by the committee:**

1. Some teachers were not found punctual which causes delays in further periods, lunch timings as well as college closing time.
2. This year it was found that some students were from Hindi medium those are unable to interact or hesitate to the teachers, who are very fluent in English. After this analysis chairperson decided to call the meeting in which all the teachers are going requested to communicate in Hindi as well during classes and practical time with slow learners.
3. Some of the teachers are requested to hand over their cell phone to their colleagues at the time of their classes so that teachers are accessible in the department through the concerned person when they don't have their cell phones with them during classes.
4. It was suggested that Video should be included for the understanding of topic by the teachers during classes through smart classes.
5. It was also found that some of teachers are not regularly in touch with parents so committee has suggested to the principal to organize one meeting once in a semester with all teachers who are Teacher Guardian (T.G.) to check and verify their Mentor Mentee files.
6. There are some suggestions for the up gradation and changes in syllabus from various faculty members which was suggested to be forwarded to the PCI through the Principal.
7. Some important suggestions received from alumni for facilities such as shaded Parking & approachable canteen.
8. Suggestion from alumni for computer lab that should be upgraded and number of computers should be also increased.

### MINUTES OF MEETING OF FEEDBACK ANALYSIS COMMITTEE

A meeting of Institutional feedback analysis was held on 11th August 2020, at 14:00 hrs at Principal's office, School of Pharmacy & Research. The meeting was conducted to Analyze feedbacks from Students (Teachers Feedback and Satisfaction Survey), Alumni, Parents & Faculty feedback from School of Pharmacy & Research. The meeting was attended by following members:

S. No.	Name	Designation	Signature
01.	Prof.(Dr.) Neeraj Upmanyu	Chairperson	
02.	Mr. Anand Shrivastava	Member	
03.	Mr. Atul Tripathi	Member	
04.	Mr. Surendra Dangi	Member	
05.	Mr. Sumit Chourasia	Member	
06.	Mr.Kailash Sahu	Member	

Chairperson of feedback committee welcomed all the members and the following Agenda were discussed:

**Agenda 1**

To analyze the Student feedback for teaching

**Agenda 2**

To analyze the Parents feedback

**Agenda 3**

To analyze the Faculty feedback

**Agenda 4**

To analyze the Alumni feedback

**Agenda 5**

To overview the action taken as per suggestions of previous meeting

**According to feedbacks some discussion was taken by the committee:**

1. ***According to student's feedback*** about teaching it was noticed that some teachers were still not found punctual and regular in classes (Offline / Online) for which Principal strictly instructed the teachers for punctuality and regularity and feedback committee was instructed by chairperson to monitor the punctuality and regularity of all teachers randomly and report to Principal.
2. ***According to Student Satisfactory Survey it was noticed that***
  - Maximum responses received was from Bachelor of Pharmacy students. Committee suggested to encourage the P.G. and Ph.D. students through their class teachers and Mentors for the participation in feedback survey.
  - Below 50% students agreed about syllabus coverage in the class was between 85 to 100% which should be improved for which committee and chairperson suggested the teachers to verify the course completion and revision from students at the end of the session.
  - As in this session, maximum classes were taken online which increased the usage of ICT tools during lectures through teachers which was found helpful in clearing concepts and better understanding. But some students also faced issues of connectivity during this academic session which was sorted out through Mock trial of classes.
  - Below 50% students agreed about thoroughly preparation and proper communication for the classes by teachers which was observed due to instant change in the way of classes taken by the teachers i.e. online which makes uncomfortable to both teachers and students. For which committee suggested some points to teachers and asked the teachers to convey the same to students i.e ***(1) Optimize internet and don't panic when get disconnected. (2) Be aware of what others can see and hear. (3) Learn and teach how to Minimize distractions and Plan ahead.***
  - Some complaints received about non-functioning of some instruments during practicals i.e. hindering the knowledge gain during offline classes which was discussed with Principal and was found already sorted just after reopening of institute.
3. ***According to Parents Feedback*** some parents were not satisfied and complaints regarding non communication from mentors and institute which was discussed with all teaching and non-teaching staff to regularly communicate with Parents and guardians and update their Mentor Mentee file.
4. Some important suggestions received from alumni for library facilities in which they suggested to increase the number of Reference Books in Library and also start the issuance of those

reference books to students at least for 2 days for the better preparation of notes. But the committee and librarian suggested that as the Saturday's second half is free for some students that may utilized the same time for the preparation of notes. So, the suggestion of issuance of those reference books to students was declined by the committee and librarian

5. Previous suggestion from alumni and students for computer lab upgradation was found under process and 20 more Personal computers are in proposal for installation.
6. *According to the Faculty feedback* the internet facility in the institute should be upgraded and the syllabus for upcoming freshers of 1<sup>st</sup> semester should be considered for revision as it was found tough for freshers of Bachelor of Pharmacy.

#### **Discussions and actions enforced regarding Activities and Events organized by School of Pharmacy and Research**

- As per previous feedback from student regarding Activities and Events this year institute had organized the Aura Fest 2020 in March.

#### **Discussions and actions enforced regarding Curriculum and Syllabus of School of Pharmacy and Research**

- As per feedback from students regarding connectivity issues it Principal had instructed the faculty members to make their video lectures and share the link to their respective students so that they may use that link and study whenever they have the connectivity or if they are not able to attend the live lectures during online classes.
- As per previous meeting of feedback analysis the modification of the Pharmacology syllabus was discussed in the PCI syllabus committee meeting by Principal SOPR.

#### **Discussions and actions enforced regarding facilities / infrastructure in School of Pharmacy and Research**

- As per feedback from students regarding computer lab the official letter has sent to the IT department of People's University to upgrade the computer lab and internet connectivity as during this Pandemic it is necessary to upto date the computer lab for the regular and smooth running of online classes.

## MINUTES OF MEETING OF FEEDBACK ANALYSIS COMMITTEE

A meeting of Institutional feedback analysis committee was held on 13<sup>th</sup> November 2021, at 15:45hrs at Principal's office, School of Pharmacy & Research. The meeting was attended by following members:

S. No.	Name	Designation	Signature
01.	Prof.(Dr.) Neeraj Upmanyu	Chairperson	Absent
02.	Mr. Anand Shrivastava	Member	
03.	Mr. Atul Tripathi	Member	
04.	Mr. Surendra Dangi	Member	
05.	Mr. Sumit Chourasia	Member	Absent
06.	Mr. Kailash Sahu	Member	

All the members were welcomed by the Principal of School of Pharmacy & Research at Principal's office and discussed regarding feedback committee and its revision, as two members have left the institute. The following Agendas were overviewed.

### **Agenda 1**

To revise the feedback analysis committee and also update the role and name of committee.

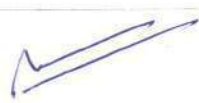

1. Meeting started with the agenda for the reconstitution of feedback analysis committee and also update the role and name of committee. under this agenda it was decided that the current Principal of School of Pharmacy & Research shall take the charge of committee as chairperson and in place of Mr. Sumit Chourasia (Member), a newly appointed faculty Mr. Prem Samundre also an Alumnus of School of Pharmacy & Research shall be a member of feedback analysis committee. And the new name of feedback analysis committee shall be feedback and analysis committee.
2. The chairperson has called for next meeting on 27<sup>th</sup> November 2021 for the feedback analysis and also asked the committee to go through with feedbacks and asked suggestions on 27<sup>th</sup> November 2021.

05.	Mr. Surendra Dangi	Member	
06.	Mr. Atul Tripathi	Member	

### **Agenda 1**

To discuss the action taken on the basis of feedbacks

### **Discussions and actions enforced regarding Curriculum and Syllabus of School of Pharmacy and Research**

- As per feedback from students regarding connectivity issues Principal had instructed the faculty members to make their video lectures and share the link to their respective students so that they may use that link and study whenever they have the connectivity or if they are not able to attend the live lectures during online classes.

### **Discussions and actions enforced regarding facilities / infrastructure in School of Pharmacy and Research**

- As per feedback from students regarding computer lab the official letter has sent to the IT department of People's University to upgrade the computer lab and internet connectivity as during this Pandemic it is necessary to upto date the computer lab for the regular and smooth running of online classes.

  
Dr. Rajat Dubey

  
Chairperson  
Feedback Analysis Committee

## PEOPLE'S COLLEGE OF DENTAL SCIENCES & RESEARCH CENTRE, BHOPAL

### ALUMNI FEEDBACK SUMMARY

Alumni feedback was taken by an online based feedback system randomly from the alumni's.

52% of alumni feel proud to be the student of peoples university.

49% of alumni feel that knowledge acquired from university is helpful in their career.

38% of alumni agree that developments in the university in recent years are progressive and appreciable.

38.5% say that new courses introduced are helpful in updating professional skills.

35% agree that Peoples University is involving alumni in its academic activities.

24% Alumni strongly agree that they have a role to play in strengthening the university financially

According to 35% alumni's, Department wise alumni association is a step in the right

### **COMMENTS AND SUGGESTIONS –**

I don't think Department wise alumni association is apt, as then people start working in silos and the attempt of bringing in all alumni and working in collaboration at the organisation level doesn't happen. Also, how we are going to engage a graduate at particular department level? That's my interpretation of the "Department wise" from the feedback form. Moreover

college should have a database of alumni emails, where in alumni can receive alumni engagement updates, newsletter, etc. All the best!

The faculty and staff needs to refrain themselves from abusing their power/authority over the students. For someone who claims to be "professional" , the way they mistreat students in every possible manner is pretty astounding.

More sanitation in washroom is needed

There should be a proper lunch room for day scholar.

At least one meet in a year should be organised by alumini for those who were practicing out of bhopal.Dr Madhur Singhai Bhopal

Looking forward to meet up all the batch mates in alumni

Well and good

Development is required more

Alumni meet is required for strong bond and growth of university..

University should also focus on a practical approach along with academic knowledge to prepare their students well

I feel proud to be a student of People's college of Dental Sciences and Research Centre, The staff and teachers were great with lot of knowledge and experience that they have given to their students.

Very good initiative

Academics should be made more strong so that the students have command on basics and more discipline should be instilled within students

Students should be motivated to think outside the box rather than belittling them. During the five years, most teachers, specially those below the post of Professors resort to verbal demeaning and bullying the students. It causes lot of mental harm. Now that we're part of the alumnus, we're being appreciated, but during my graduation, it was more taunts than admiration.

Best wishes

Overall evaluation of the teacher with respect to teaching competence,efforts,methods and effectiveness:

15 responses

Good

Excellent

Great professionalism and interaction with students

One of the Best teachers. Dr. Ami Desai mam.... Has new ways to interact with students and has very innovative techniques she use to make us understand the concept. I like the way she teaches

Teacher is punctual,very understanding,makes best efforts to teach and her ways are best

Yes..

good

Thanks for being the Best

## PEOPLE'S COLLEGE OF DENTAL SCIENCES & RESEARCH CENTRE, BHOPAL

Faculty feedback was taken by an online based feedback system randomly from the faculty of PCDS.

- 62% of faculties feel that syllabus is suitable and need based.
- 62 % faculties say that aims and objectives of syllabus are well defined and clear to students and faculty. 44% faculties feel there are good infrastructural facilities in college.
- According to 52% of faculties, sufficient numbers of prescribed books are available in library.
- 46 % staff state that have the freedom to adopt new techniques/Strategies of Teaching such as seminar presentations, group discussions and Learners participation.
- 52% of faculties feel that the environment in the department is conducive to teaching and research.
- 52% of faculties say that the head of department provides appropriate support in academics and research.

### SUGGESTIONS FOR IMPROVEMENT –

- Need based application of knowledge.
- Medical Teacher's should trained as per requirements of dental students need with high tech environment
- To have more access to online paid data
- More discipline is required for improving students performance specially when online classes are being taken.
- The number of staff are deficient in some departments. New replacements must be recruited to avoid any underperformance by any department

- There are no suggestions
  - 1. Need improvements of individual sitting cabin with toilet in medical wing. 2. Proper coordination between administration & academics. 3. Required proper cleaning & sanitization in top floor of 'B' block. 4. Repairing & maintenance of lift in 'B' block PCDS.
  - Great
- 
- Wide scope for improvement pertaining to quality of education, faculty and discipline in the institution
  - Need support in research and infrastructure development in Biochemistry
- 
- For proper service providing to patients. Materials deficit should be rectified. Thank you
  - We should give more importance on practical cases.

## PEOPLE'S COLLEGE OF DENTAL SCIENCES & RESEARCH CENTRE, BHOPAL

### PARENT'S FEEDBACK SUMMARY

Parents feedback was taken by an online based feedback system randomly.

51% of parents feel satisfied with the Ambience of the college with respect to the learning process

33% of parents are satisfied with infrastructural facilities provided to their ward.

45% of parents say that faculties are cooperative and approachable.

36 % parents feel that authorities are approachable and address their queries.

According to 45 % parents are satisfied with Communication from the college regarding the regular performance of your ward

According to 42% parent's, Accommodation facility is satisfactory.

36% parents are satisfied with Mess and canteen facilities.

46% parents are satisfied with Library /Sports and cultural Facilities.

According to 37% security in the college campus is satisfactory.

44% Parents say that Exposure as far as Career orientation is concerned is satisfactory.

### **Suggestions on how the institution/University can help the students further –**

We expect better communication and interaction with the concerned authorities. 2. The COVID protocol, Social Vaccine etiquette should be mandatory for the safety of all concerned. 3. In house vaccination facility for the hostelers. 4. Online mode for classes and examination

(as per the UGC and DCI guidelines) till all students and concerned with teaching, training, and day to functioning are vaccinated and safety against COVID is reassured.	
About hostel fees of last 2 years was not used.it should be refundable or hostel fees of this year should be less....	1
At least College must have 10 months session.. Collge where started from 2 feb and they are having their final exam on September which is very soon. Infact the syllabus is not complete.	1
Atleast give more practical knowledge to te students and take care of their queries and make sure that no student would left in the confusion state of mind.	1
By thinking about their mental health and not presenting any abrupt changes which can affect the same	1
Can guide students about different fields that are related to their course for future.	1
Communication and approach to the authorities should be made easy for parents and students as well. Nobody among the authorities is answerable to any queries or problems of the student.	1
Decrease hostel fees since for the last 2 years mess and laundry facilities are not used	1
Do saal se aap hostel fee le rahe h. Bache reh kitne mahine hai 2-3? Hostel feel m koi deduction ni hua hai.aapke hostel m itni koi khaas facility nahi h. Abhi third wave aane wali hai aap hostel fee le lenge pr bache firse college ni aa paynge. Apki warden supportive nahi hai. Phone ni uthati hai. Aur hostel m rehne ni deti h.	1
Exams which are conducted on a very short notice is not appropriate as they have to complete all the assignments journals and practicals . They didn't even get the proper time for preparation. Also it's not possible for everyone to come at such short notice as there is heavy	1

rains everywhere.	
Facilities in college is not up to the mark..so the students should get them as it was mentioned when joining the college for proper guidance, support and Facilities...	1
Failed	1
Firstly, so many things in hostel rooms which is not yet repair especially cupboard(almirah),gates, windows so please do that much ASAP and secondly please give some concession in hostel fee	1
For the overall development of child, extracurricular activities need to be incorporated in online as well as offline classes.	1
Friendly communication and try to know the students.	1
Hostel fees too much considering the covid scenario. Atleast mess and laundry fees should be deducted from the total amount	1
Hotel toilets are not properly working and are unhygienic	1
I am highly satisfied with both university and college authority	1
I think the faculties become more approachable, it will be the best thing to happen.	1
If the Students are not use mess and laundry facilities for 2 years then the hostel fees should be reduced	1
Improvement in Academics, delaying Notice information and Exam taking Decisions.	1
Issue regarding hostel fees...in previous yr also we payed 70,000 rupees just for 2 months which is very disappointing for each nd every parents in this covid situation...	1
Just want to tell you that this lady doesn't deserve to be the dean she's the worst lady i've ever seen she even don't know how to talk with	1

children and always unsupportive she just want to make money greedy dean	
Kindly reduce the hostel fees due to the covid situations the students are not in hostel .	1
Library can be updated . Management can has to be improved for fees realted issues and regular management on daily basis like basic facilities of washroom in college. Incorporation of more and teaching facilities is improtant . Career exposure can also be made more better.	1
No	1
No consideration towards students and parents. There is flood and covid everywhere and yet they are calling ,it is not possible for everyone to be there. Then, exams are suddenly preponed and no concession regarding syllabus, journal and assignments. Children are going through a lot of mental stress because of these situations. Please show some consideration towards these, if possible please conduct online exam or postpone them.We are scared to send our child this far with so much going on.	1
No suggestions	1
Parents should be informed regarding the students academic performance.	1
Please build clean usable washrooms for female students in the college buildings.	1
Please communicate with the students.listen to their problems and help them with it.	1
Please consider the ongoing scenario and don't ask students for offline exams as there ia risk of infection.	1
Please delay university exams the exams are kept on a very short notice, students cannot prepare in this short time	1

Please educate dental students more about skills that are required in clinics.This is so badly needed for fresh graduates especially.	1
Please postpone exams for the gods sake	1
Please reduce the hostel fees due to pandemic	1
Reduce hostel fees due to covid situations and improve mess food quality	1
Reduce the hostel fees due to covid suitations	1
Reduce the hostel fees due to lockdown:- • Haven't use the laundry,so kindly reduce the laundry fees. • Mess fees should be reduced.	1
Start offline classes and should concern more about practical work my ward is in 3rd year and don't know anything about patient care, and you should inform atleast 10 days before college is starting because everyone do not live in bhopal we have to manage a lot	1
The Washroom are very unhygienic and even the doors are broken. Collecting college fees of 2nd year before even the completion of 1st year is not justified.	1
The college lacks a *proper management system*. The authorities don't take proper actions when students are in need. I've seen my daughter getting worried for locker, transport facility, etc Covid norms were not followed in college, lives were at risk because of it last year and now this year again when 3rd wave is about the come, college is re-opening	1
The higher authorities are not approachable and our complains and queries are not heard nor we get proper response to them. This should be improved.	1
The institute should inform in advance about the important things happening in college.Usually the students are given a very short notice for various important activities like the opening of college.	1

The institution authorities should try to inform at least 1 week before the date of joining the college so that students can get confirmed reservations. Timetable of exams/ any other information once provided should not change because it creates anxiety.	1
The students aren't been taught nicely. They've no clinical knowledge, they aren't been instructed properly plus being in clinical years they aren't doing clinical things. They are just doing assignments and assignments. The dental chairs don't work, I don't know why are the students paying fees, if nothing works in your college. For practical they have to bring own materials from the market then what is the fees for? Very unhappy with the college!	1
There should be better mess facilities. There should be proper cleaning of the toilets in college campus. There should be equipments and all the practical materials available in the lab. Student should not buy it from outside. We are paying fees for the reason that our ward can study properly with the practical knowledge of it.	1
Washrooms of colleges are very unhygienic, broken and don't work. And my ward's room's washroom is not good, its door is broken.	1
	1

Any other comments –

All Good <input type="checkbox"/>	1
Also communicate as earlier as possible to avoid havoc at the end times and maintain a proper schedule.	1

Also reduce tuition fees.	1
Complains should be heard and proper solutions to be given on time.	1
Failure	1
Firstly, the exams should be postponed because they don't have any knowledge of practicals. From next year, they are going to treat patients so they need proper practical work and for that they need time. Otherwise they will rote learn and reach 3rd year without proper knowledge	1
Geyser and AC may please be installed in girls hostel.	1
Good	1
Hostel accommodation needs improvement. All the fittings are of old vintage.	1
IMPROVEMENT IN COLLEGE AND HOSTEL WASHROOM FACILITIES	1
If we promote extra-curriculars activities more and guiding students about future opportunities, like what after BDS, the career options, how they can study abroad etc. What different competitions, fellowships, certification programs they can participate and apply to. Teach my daughter how can they become great dentist, not just a person with a degree in hand etc.	1
Improvement in college & hostel washroom facilities	1
Infrastructure of college should be improved as students are facing problem in that..and also proper guidance should be given before hand	1

Kindly ask the higher authorities to communicate properly with the students. All of them are facing problems regarding exams and college but none of the faculty or Dean is properly communicating. Kindly look into the matter.	1
No comments	1
No comments	1
Not happy with new university exam schedule and would request authorities to look into the matter. The exam schedule which was provided to them earlier was better and postponing university exam to one month is just unreasonable.	1
Petition to give notices at least a week ago for preparation	1
Please build clean usable washrooms for female students in the college buildings.	1
Please make the washrooms hygienic and usable for students	1
Please remove assignment and journals so that students get time to study	1
Please show some consideration towards our request, we are worried about our children.	1
Postpone the exams of students. At least 1 1/2 month should be given to the students for preparing for the exams	1
Proper communication regarding academics and other activities with parents is highly lacking.	1
Reduce hostel fees due to covid situations.	1

Reduce the hostel fees due to covid situations	1
Reduction in hostel fees due to COVID	1
Request to improve overall safety and food quality. Prompt laundry services and extension of dining hours preferably up to 10 PM. Provision for nonvegetarian food to improve nutritional quality. Segregation of batch in mess with different time slot to ensure social distancing/prevention of overcrowding.	1
Rest very happy with the College..	1
Since my child did not use the mess and hostel facility since 2 years still a huge amount is taken and that is pathetic about the institution.	1
Sports facilities need improvement.	1
The conditions were far better during the presence of bhambhal sira nd now its worst. Even the present dean is not approachable and arrogant while talking to students. Some teachers simply read out slides downloaded from Google and when doubts are asked, they respond by saying its there in the books.	1
There is a serious requirement of proper communication between parents and authorities to solve out the student's concerns.	1
Too much fees, so little return	1
Very disappointing management... No parents teacher communication.. Faculty was not cooperative dean was very arrogant worst examination pattern college need to improve a lot	1
Washrooms in college are not useable	1

You should reduce hostel fees because students are paying for mess and laundry which they are not using since 2 years so it should be reduced from this year's fees

# ***People's Dental Academy***

## ***Action Taken Report***

### **Faculty feedback:**

89% of faculties feel that syllabus is suitable and need based. Henceforth we asked the rest 11% faculties to provide suitable reasons for their feedback.

86% faculties say that, the course/syllabus has good balance between theory and application. So we have improved practical based learning.

According to 88% of faculties, sufficient numbers of prescribed books are available in library, Hence more journals, articles and latest additions of books to be added.

### **Student feedback:**

90% students believe that, the teacher interacts with the students in the class and encourages participation. We encourage teachers for more student interaction.

92% students say that, the teacher integrates the course material with practical aspects. We asked the rest 8% students to provide the inputs, which need to be improved.

96% students believe that, the teacher is available and accessible in the department. We asked the faculties to be more accessible to the students so that they can interact effortlessly.

PEOPLE'S UNIVERSITY**

## Parent feedback:

88% parents were happy and satisfied regarding the ambience of the college with respect to the learning process. We are trying to improve the infrastructure of the college.

75% parents in total 33 responses were happy with the mess/canteen facilities. We are improving of canteen/mess facilities, so that most of the students get easy access to the nutritional food.

91% gave positive response on the exposure as far as career orientation is concerned. We are planning to conduct more career orientation programs for student.

## Alumni feedback:

- About 90% alumni were satisfied with the admission procedure. We are planning to make the admission procedure more easy and smooth.
- 72% think that their issues were resolved and properly handled as students. We have made a student council to address of student issues.
- 55.6% believe that they receive communications from the university through mails/ Calls/SMS etc. We are making efforts to communicate with our alumni in a more systematic manner.
