Question (4.2.2) Describe the adequacy of both outpatients and inpatients in the teaching hospital during the last five years vis-a-vis the number of students trained and programme offered (based on HIMS / EMR) within 500 words.

Answer:- People's Hospital is associated hospital of People's College of Medical Sciences & Research Centre which caters to the local needs by practicing cost effective evidence based management of clinical cases. The hospital is committed to provide modern diagnostic and treatment facilities at subsidized rates. This hospital is ISO 9001:2015 certified for providing excellence in clinical teaching, Health care and promoting Health care research.

The hospital has 1350 operational beds spread in five blocks with well-equipped Casualty, ICUs, Operation Theaters and Central Pathology laboratories. Automation is introduced in Pathology, Biochemistry and Microbiological laboratories. Medical Records are maintained as per ICD 10 classification which forms a huge resource for all research activities in the institute. This hospital is designed and functions as per regulatory body norms.

Academic activities include predominantly clinical interactive teaching for both undergraduates and postgraduate students along with regular faculty updates. Academic infrastructure constitutes clinical demonstration room in both OPD and IPD areas, departmental libraries and research laboratories so that each department functions as an independent academic unit. All faculties are trained in medical education technology and provide hands on training for postgraduate students. Clinical skill labs for students are operational and are over & above the regulatory body norms.

Comparative statement of clinical academic requirement as per regulatory body (National Medical Council) norms along with our existing clinical material as per medical records is placed for your reference.
