Committed to Dental Excellence

NOCR
National Oral Cancer Registry

Memorandum Of Understanding

Shared commitment to create advocacy to provide a centralized pooling of data on precancerous lesions and conditions and oral cancer cases across the nation. This will function as a database that will not only provide us with oral cancer statistics but shall also support us in planning and building strategies for fighting the increasing occurrence of oral cancer in our country.

Parties collaborating:

- A. Indian Dental Association (IDA):** Indian Dental Association (IDA) is an independent and recognized voice of dental professionals in India. IDA has its registered office at: Block No. 6, 1st Floor, 386, Sane Guruji Building, Veer Sawarkar Marg, Opposite Siddhivinayak Temple, Prabhadevi, Mumbai-400025, Maharashtra, India. (Hereinafter referred to as Party A)
- B. Name of Dental College with Address:** Peoples College of Dental Sciences & Research Centre, Peoples Campus, Bypass Road Bhanpur, Bhopal -462070, Madhya Pradesh. (Hereinafter referred to as Party B)

Commitment to Action:

The parties recognize that the people of the country, suffering from Oral Precancerous lesion & conditions and Oral Cancer are yet to benefit from early diagnosis, awareness and quality oral cancer treatment. The parties have together agreed to develop an atlas of oral precancerous lesions and conditions and established cancer cases.

1. Party A will provide Party B with the software to enter all the information regarding pre-malignant lesion, conditions and oral cancer cases and maintain the database.

Committed to Dental Excellence

2. Party B will systemically collect the said data in order to understand trends in oral cancer occurrence over the country, and enter it in the National Oral Cancer Registry (NOCR) database using the software that Party A has equipped them with.
3. Enter correct, authentic & complete information of all the pre-malignant lesions, conditions & oral cancer cases, registered with the institution i.e. party B; which includes all new and on-going treatment, treated cases.
4. Party B will have access to all the data entered by them.
5. Only Party A and Party B will have access to the data and the patients' confidentiality will be maintained.
6. All the data collected in this database will be compiled in a report at the end of the year and party B will get credit for the data entered by them, if and where Party A publishes this data.
7. At the end of each year, the institution that provides and maintains maximum authentic data in that year will be recognised at the Indian Dental Conference of the following year, and be felicitated for the same.

This Collaboration will be in place through this MoU from 1st Day of January 2019 for a period of 3 years, till 31st December, 2021.
