Industrial visit was carried out at HIND PHARMA on 20th December, 2021 especially for 7semester/IV-year students. In another section processes of the manufacturing of the tablets were explained. They cover each and every small aspect of the tablet making by giving day today's life examples. Many students have asked the queries and the instructor has solved them very cleverly and politely the main objective behind the visit was to make student aware about how various department like Quality control area, instrumental area, Raw material store, liquid packaging area etc. We took almost an hour to see complete set of production which was followed by questions of students. **CEO Dr. Radha Sharan Goswami, Hind Pharma**, had an interaction with students and ask few questions to the students and interacted very well. **Dr. Bhaskar kumar Gupta Principal, SOPR and Mrs Rajni Dubey, Associate Professor** has arranged the Industrial Visit. and it was successfully coordinated by **Mrs Rajni Dubey, Associate Processor, Mr. Surendra Dangi, Associate Processor and Mr. Hiresh Dutt, Associate Processor.**

**Outcome/Impact of event/activity in brief:**

It is rightly said that "See & know" is better than "read & learn". Students have got real feel of company's working after this visit. They got a chance to transfer their theoretical knowledge to practical consequence. This will even help students to understand subject matter clearly in future also. Industrial visit was to provide an exposure to students about practical working environment. It lets students to know things practically through interaction, working methods and employment practices.

## INTERNATIONAL YOGA DAY 21<sup>ST</sup> JUNE

Department of Public Health Dentistry (PDA) took initiative to celebrate this day. A core team T Y Y A (TEAM YOGA YOGA ASSISTANCE) was formed whose context was spiritual development practices to train the body and mind to self observe and become aware of their own nature. Students conducted a talk on the topic "YOGA FOR STRESSFREE LIFE"

The main purpose of yoga is to isolate the mind of all thoughts, worries and fear, and to increase the strength and flexibility of the body. The regular practice of yoga can help keep stress and tension at bay and facilitate the mind to a state of well being and peace.

Further a yoga session was organized by the students which emphasized on basic exercises which could be performed on operative chairs. This was because dentist experience musculoskeletal pain during the course of their careers due to prolonged static postures, personal working habits, repetitive movements, poor positioning (forward bending, twisting particularly), and poor job design. The Yogic session started with meditation followed by PRANAYAM (deep breathing exercises). Some of the specially designed *YOGASANA* and *YOGIC SUKSHMA* like Greev Sanchalana kriyas, Skandha chakra, Kehuni naman, Manibadha chakra, Manibadha naman were performed together which can help dentist minimize these risks, by giving strength to the supporting muscles of various joints.

## **Yoga and wellness**

Health and Wellness are closely related to lifestyle of an individual. Lifestyle is the way people live and this has immense influence on the status of health or disease of an individual. Since one's lifestyle has developed early in life, it is advisable to cultivate healthy lifestyle in early childhood. Many factors determine one's lifestyle. Economic status determines incidence of under-nutrition in poor and obesity in the rich. Cultural values of the society dictate the dietary preferences in the population. Sedentary life is a major factor for coronary artery disease while personal habits like smoking and alcoholism determine the incidence of heart disease and cirrhosis of liver. Exercise, healthy diet, rest, and relaxation are important components of healthy lifestyle.

Yoga is the most perfect health and wellness module as it is comprehensive and holistic in nature. Yogic principles help to strengthen and develop positive health enabling us to withstand stress better. This Yogic "health insurance" has achieved by normalizing the perception of stress, optimizing the reaction to it and by releasing the pent-up stress effectively through the practice of various Yogic practices. Yoga is a holistic and integral science of life dealing with physical, mental, emotional and spiritual health of an individual and society.

विश्व स्वास्थ्य दिवस पर नाटक का आयोजन

✓ विश्व स्वास्थ्य दिवस 7 अप्रैल को मनाया जाता है। इसी अवसर पर इस वर्ष पीपुल्स कॉलेज ऑफ नर्सिंग एण्ड रिसर्च सेंटर भोपाल के एम.एस.सी. नर्सिंग के प्रथम वर्ष के छात्र-छात्राओं द्वारा एक नाटक प्रस्तुत किया गया। इस वर्ष की थीम " हमारा ग्रह, हमारा स्वास्थ्य " को नजर में रखते हुए यह प्रस्तुति दी। लोगों को इस नाटक के जरिये ये बताया गया कि कैसे कूड़ा फैलाने से बीमारियाँ फैलती हैं, तथा अगर हम स्वच्छता का पालन करें तो अपने वातावरण के साथ-साथ अपने स्वास्थ्य को भी सुरक्षित रख सकते हैं। पानी बचाने के महत्व तथा पेड़ काटने से पर्यावरण पर होने वाले असर को समझाया गया। इन सब कारणों से हमारे ग्रह पर होने वाले असर को भी समझाया गया कि कैसे सब एक दूसरे पर निर्भर हैं तथा जिसके कारण मनुष्यों को अपने स्वास्थ्य की हानि उठानी पड़ती है। इस नाटक का उद्देश्य आम नागरिकों के बीच अपने ग्रह और अपनी सेहत को लेकर जागरूकता फैलाना था, जिसके चलते लोग अपने और अपने ग्रह के प्रति जिम्मेदार बनें। इसके कारण सबकी हैल्थ अच्छी रहे। लोग स्वास्थ्य संबंधित सतर्क रहें तथा दुनिया भर में फैली गंभीर बीमारियों की रोकथाम की जा सके।

नाटक का आयोजन प्रो. ले. कर्नल रेखा रानी गुप्ता के नेतृत्व और एम.एस.एन. डिपार्टमेंट के मार्गदर्शन में किया गया।
