Dear **Malika Khan**,

Heartiest Congratulations!

You have been **Selected** to the 2-year full time **PGDM Healthcare Management-Mumbai Campus** program of S. P. Mandali's Prin. L. N. Welingkar Institute of Management Development & Research for the batch **2021-2023**.

WeSchool received several thousand applications from aspirants pan India and after conducting a rigorous selection process, we are pleased to welcome you to WeSchool.

With the Pandemic situation and need to maintain caution in our travel and social interaction, WeSchool will be conducting the entire process of admitting selected students using Online Processes Only. It is therefore important that you read the updates and processes mentioned on the dashboard and ensure you complete the process in time.

Communication: -

The Dashboard is your key virtual connect for admission schedules as per Merit Order / Waiting List Order. While the Institute will send reminders via email / sms, in current times there is always a challenge of the same failing to reach you in time. Hence it is critical that you refer to the Dashboard as your primary communication point, unless specified otherwise.

Important Next Steps: -

Your next step is to register and confirm to participate in the Online Admission Process and upload the documents for Verification in the next 3 days. Once, your document is verified, you will be intimated on the dashboard post which you are required to make the payment of fees via Online mode only. Time lines for completing the above steps and payment of fees is as per the schedule mentioned, if you opt for the program selected to/waitlisted to in the first round. However, in subsequent offers to the Waitlisted Program, you will get 3 days from when the offer is made for the Waitlisted program to pay your fees.

Candidates who may later be Waitlisted to a program of their higher preference, if any, will be allowed **ONLY ONE CHANCE** to Opt for the same, in case of vacancy in order of their Waitlist number merit order. Further, shift is possible **ONLY** in Merit Order sequence and **ONLY** one time. Candidate opting for a higher preference once will NOT be offered this option again.

Betterment will be offered ONLY ONCE upto July 4th, 2021. Post that no betterment will be provided. No refund of fees will be given after July 5th, 2021.

LETTER OF RECOMMENDATION

I am the Dean and Head of the Pediatric Department in People's College of Dental Sciences and Research Centre. It is my pleasure to write this letter to recommend Devyani Rana, who is applying for DDS/DMD programs in the United States. I have known her since 2012 when she was pursuing her Bachelor of Dental Surgery. When she met me a few years ago and told me about her future plans about pursuing DDS in the US, I was glad to hear that she still possesses the same persistence and enthusiasm to enhance her skills. I am even more impressed by her perseverance when she told me that she is now pursuing preceptorship at UCLA School of Dentistry to familiarize herself with the education system in the United States in order to groom herself for the Advanced Standing programs.

In the Department of Pediatric Dentistry, we strive to refine our students' pre-clinical skills. Our department has one of the strictest criteria in assessing pre-clinical work and our policy is to permit students to treat patients only when they get proficient in their work. I remember Devyani for her positivity and perseverance. Right from the very beginning, Devyani's perseverance made her achieve excellence in her hands-on work. Typically, students take a long time to meet our expectations of precision in hands-on work, but Devyani greatly exceeded our expectations by demonstrating excellent manual dexterity in her hands-on skills. Our department comprises over 100 students and she was one of those few exceptional students who demonstrated significant progress in their hand skills in a very short time by learning quickly from her mistakes.

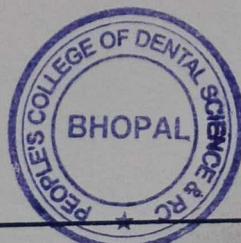

As our college is located in a rural area, patients are usually not concerned with their oral health at an early preventative stage. During our discussions, Devyani often told me that she had problems convincing parents of her patients as they believe that primary teeth do not require much care because they fall-off anyways. I guided her to spend more time with them and try to add personal touch in her conversations with the patients. I remember one of Devyani's cases where a young patient named Ahmad was brought for cleaning but was later found to have cavities in his mouth. Ahmad's parents had the same attitude for primary teeth. I was pleased to see how she put my board guiding principles to practice. She not only took more time to explain the importance of overall oral health but also learned the local dialect to connect with them personally and was able to influence them in the right direction. I am convinced that her willingness to learn from her mentors and fulfill their expectations will set her up for success as a dentist in the US.

Everytime I meet her after graduation, I can see how she has consistently groomed herself to become a mature clinician. I am confident that she will prove to be a successful student, who will not only benefit from your program but also help in contributing to your program. Please do not hesitate to contact me regarding her candidature.

LETTER OF RECOMMENDATION

It gives me immense pleasure to recommend Dr Sonal Lahoti for the advanced program in your university.

I have known Sonal during her tenure in our college. During her postings in Prosthodontic & Crown and Bridge department, I found her extremely polite and humble towards patients and never seen her shirking duties. She had good rapport with the patients and was able to calm them down by explaining complicated dental procedure in layman terms, showing excellent communication and patient management skills.

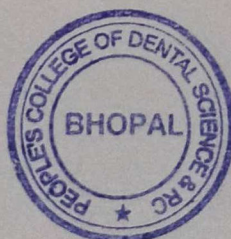

Under my guidance she successfully made complete Dentures and Removable Partial Dentures, following up with patients without any complaints and complications, she also provided assistance in clinical work being done at the department. Her theoretical knowledge coupled with clinical skills gave a tough competition to her fellow mates and made her distinguished amongst others:

I hold Sonal in the highest esteem and I am confident that she will continue to apply herself to the best of her ability

LETTER OF RECOMMENDATION

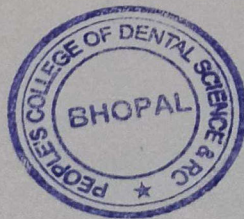

I am extremely delighted to recommend Dr Sonal Lahoti for the advanced standing program in the concerned foreign dental university.

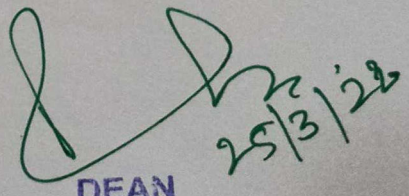

Dr. Sonal Lahoti was a part of my institution for 5 years. She was an extremely conscientious girl. Her academic credentials were outstanding. It was her meticulous hard work and perseverance which made her in the top 10 rankers amongst the batch of 100, for 4 consecutive years during her tenure. Her project works were excellent. She had also designed posters for few departments. She had made substantial contribution to the social causes and was an active participant of the numerous health programs conducted by the college on the private and the public platforms. She had not only attended National level conferences, State level conventions and continued dental education programs during her course but had also effectively implemented the knowledge garnered through them.

Her extracurricular records are worth mentioning. Her organization skills, orating capabilities and leadership qualities were commendable. She was not only the member of the annual fest committee but had also supervised and hosted events and accomplished them successfully. She was a popular and a recognizable face of the cultural team.

I hereby can assure that Dr. Sonal Lahoti is a diligent student who will remain committed and dedicated in the long run and will prove to be a valuable asset.

LETTER OF RECOMMENDATION

It is with great enthusiasm that I write this letter of recommendation for Amanda Antoinette Rebello. I have known Amanda for almost three years and she has proven to be an exceptional dental student that I have had the pleasure of working with. She has completed her BDS with various accomplishments securing distinctions in numerous subjects and ranking in the top 10 in the institute. She is an intellectual individual that sets high goals and expectations for herself and follows through on achieving them.

She is a natural leader and a go-getter. This was made clear when she stepped up to be one of the student council leaders for her batch. As a leader, she was responsible for planning and organising various cultural and academic activities over the course of her undergraduate degree at this institute. Her leadership in delegating and drawing respect and support from her fellow classmates was exemplary.

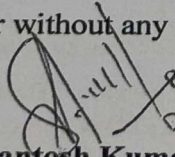

Besides her impressive professional demeanour, clinical skills and dexterity, I have found Amanda always eager to learn and explore new concepts in the field of dentistry. Her keen observations, critical thinking and comprehensive knowledge on various subjects always made her stand apart from other students. During her tenure as an undergraduate student she also took part in various CDE programmes organised by the institute such as

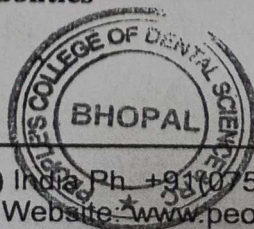

1. 'Forensic Odontology - the less understood discipline' under the auspices of the Indian Board of Forensic Odontology
2. 'Making Implants Easier : An Advanced Approach to Drilling and Stability' organised by the Department of Prosthodontics, Crown and Bridge and Implantology.
3. 'Empowering Minds for Tobacco Cessation' under the guidance of State Dental Council.
4. 'Scientific Writing and Research Publishing' organised by the department of Public Health Dentistry.

During her internship she fulfilled the requirements and was a student coordinator for the 'Basics of Comprehensive Advanced Dentistry 2021' organised by PCDS & RC.

As an active participant in departmental seminars and group discussions she displayed a willingness to expand her knowledge base, was always enthusiastic to share her views and clarify her doubts. Her ability to deliver clear, concise and eloquent presentations was showcased throughout her academic course. She also has very good interpersonal relationships with her professors and her colleagues in addition to her pleasant bedside manner with patients.

I highly recommend her without any reservations.

LETTER OF RECOMMENDATION

It is my great pleasure to write Amanda Antoinette Rebello this letter of recommendation. During the 3 years of clinical course work as dental student, I was thoroughly impressed by her commitment and hard work. When she finished her BDS, she was listed among the top ten students in the institute and got honours in various subjects. She has natural leadership ability and a strong drive to succeed. She made it clear that she was serious when she volunteered to be a member of her batch's student council. She was in charge of planning and organising a variety of cultural and academic activities as a leader during her undergraduate degree at this institution. Her delegating abilities were exceptional, and she was well-liked and supported by her peers. She was also a participant and one of the student coordinators, completing the prerequisites for PCDS & RC's 'Basics of Comprehensive Advanced Dentistry 2021. Under which following activities were done:

1. CBCT interpretation
2. Basics of RCT and rotary endodontics
3. Intra-oral biopsy
4. BLS and management of emergencies

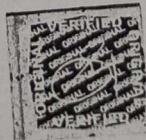

She successfully attended workshops on

1. 'Awareness, Blood Safety and Universal Precautions in Dentistry 2018'
2. 'Bioethics and Good Clinical Practice 2021'.

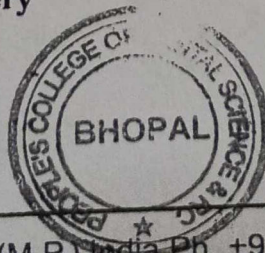

She has good interpersonal relationships with her lecturers and colleagues, in addition to her pleasant bedside demeanour with patients. She was always eager to share her opinions and explain her inquiries, and she showed a willingness to increase her knowledge base by actively engaging in departmental lectures and group discussions. Her ability to deliver accurate, concise, and expressive presentations has been proved throughout her academic career.

Without a doubt, I fully recommend her.

LETTER OF RECOMMENDATION

It gives me immense pleasure to write this recommendation for one of my best students, Surya Shepherd. As her undergraduate guide and teacher, I was quite impressed with her performance throughout the duration of four years of BDS degree course and one year of internship. She was among the top students with various accomplishments securing distinction in numerous subjects and ranking in the top 10 in the university. She is an intellectual individual that sets high goals and expectations for herself and follows through on achieving them.

She has always been disciplined. She was also a member of student council, as a leader, she was responsible for planning and organizing various events over the course in the Institute.

Whether it was academic responsibilities, or volunteer work related to her course, she was always very prompt, sincere and persistent. She never missed a deadline for her submissions. She also worked as a front line worker during the covid pandemic, in the hospital. She also was a student member of the Antiragging Committee and played an active role in the Women's Grievance Redressal Committee.

She took part in various CDE programmes organized by the Institute such:

- Forensic odontology- 'the less understood discipline' under the auspices of the Indian board of forensic Odontology.
- 'Making Implants Easier: An advanced Approach to drilling and stability' organised by the department of prosthodontics, crown and bridge and Implantology.
- 'Empowering Minds for tobacco Cessation' under the guidance of State Dental Council.
- 'Scientific writing and research publishing' organised by the department of public health dentistry.

She successfully attended workshops on:

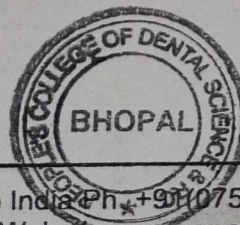

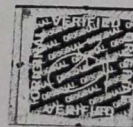

- Awareness, blood safety and universal precautions I'm dentistry 2018
- Bioethics and good clinical practice 2021

She also attended medical camps arranged by the Institute and also served in few satellite centre of the university. As an active participant in departmental seminars and group discussion she has displayed her willingness to expand her knowledge base. She also has very good interpersonal relationships with her Professors and her colleagues in addition to her pleasant bedside manner with patients.

I strongly recommend Dr. Surya Shepherd for your program and assure you that she will be an asset to your esteemed institution

I would be pleased to assist you with my any further details in this matter.

LETTER OF RECOMMENDATION

It is with great enthusiasm that I write this letter of recommendation for Surya Shepherd, I have known her for almost four years and she has proven to be an exceptional dental student that I have had the pleasure of mentoring. She has completed her BDS course with distinction in numerous subjects. Whether it was academic responsibilities, or volunteer work related to her course, she was always very prompt, sincere and persistent. She never missed a deadline for her submissions, projects and seminars. She also exhibited equanimity in many stressful situations I remember during her clinical postings, when there were instances of unexpected rush of patients, including emergencies, she dealt with these situation with utmost patience and adroitness.

She was also a participant and one of the student coordinators, completing the prerequisites for the pcds&rc's 'Basics Of comprehensive advanced dentistry 2021'. Under which following activities were done:-

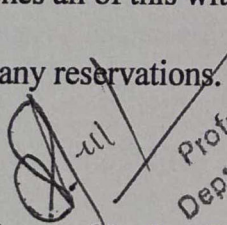

- CBCT Interpretation
- Basics of RCT and Rotary endodontics
- Intraoral biopsy
- BLS And management of emergencies

Besides her impressive professional demeanour, Clinical skills and dexterity, I have found her always eager to learn and explore new concepts in the field of dentistry. Her keen observations, critical thinking and comprehensive knowledge on various subjects Always made her stand apart from other students of her batch. During her tenure as a undergraduate student, she attended numerous dental conferences such as :

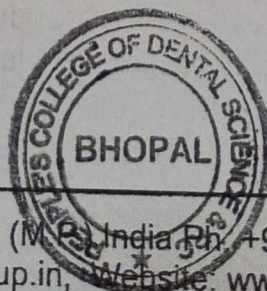

- 72nd Indian Dental conference 2019 as a student delegate
- The Yuva state Dental convention
- The Denasia AGNI Dental conference 2018

She was also an active participant and one of the student coordinators, fulfilling the requirements for the basic comprehensive advanced dentistry 2021 organised by pcds and rc. Surya Shepherd Is a good natured individual who is honest and trustworthy. She additionally displays a creative streak, always ready to participate art related activities and takes initiative to plan & conduct various creative events. She is focused and always driving to better herself in her professional field and displays immense potential to excel. She accomplishes all of this with a sense of humility and authenticity.

I highly recommend her without any reservations.

LETTER OF RECOMMENDATION

I am the Dean and Head of the Pediatric Department in People's College of Dental Sciences and Research Centre. It is my pleasure to write this letter to recommend Devyani Rana, who is applying for DDS/DMD programs in the United States. I have known her since 2012 when she was pursuing her Bachelor of Dental Surgery. When she met me a few years ago and told me about her future plans about pursuing DDS in the US, I was glad to hear that she still possesses the same persistence and enthusiasm to enhance her skills. I am even more impressed by her perseverance when she told me that she is now pursuing preceptorship at UCLA School of Dentistry to familiarize herself with the education system in the United States in order to groom herself for the Advanced Standing programs.

In the Department of Pediatric Dentistry, we strive to refine our students' pre-clinical skills. Our department has one of the strictest criteria in assessing pre-clinical work and our policy is to permit students to treat patients only when they get proficient in their work. I remember Devyani for her positivity and perseverance. Right from the very beginning, Devyani's perseverance made her achieve excellence in her hands-on work. Typically, students take a long time to meet our expectations of precision in hands-on work, but Devyani greatly exceeded our expectations by demonstrating excellent manual dexterity in her hands-on skills. Our department comprises over 100 students and she was one of those few exceptional students who demonstrated significant progress in their hand skills in a very short time by learning quickly from her mistakes.

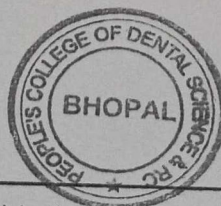

As our college is located in a rural area, patients are usually not concerned with their oral health at an early preventative stage. During our discussions, Devyani often told me that she had problems convincing parents of her patients as they believe that primary teeth do not require much care because they fall-off anyways. I guided her to spend more time with them and try to add personal touch in her conversations with the patients. I remember one of Devyani's cases where a young patient named Ahmad was brought for cleaning but was later found to have cavities in his mouth. Ahmad's parents had the same attitude for primary teeth. I was pleased to see how she put my board guiding principles to practice. She not only took more time to explain the importance of overall oral health but also learned the local dialect to connect with them personally and was able to influence them in the right direction. I am convinced that her willingness to learn from her mentors and fulfill their expectations will set her up for success as a dentist in the US.

Everytime I meet her after graduation, I can see how she has consistently groomed herself to become a mature clinician. I am confident that she will prove to be a successful student, who will not only benefit from your program but also help in contributing to your program. Please do not hesitate to contact me regarding her candidature.

LETTER OF RECOMMENDATION

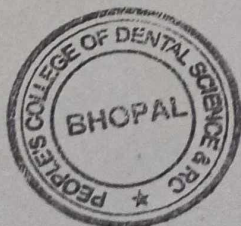

I am extremely delighted to recommend Dr Sonal Lahoti for the advanced standing program in the concerned foreign dental university.

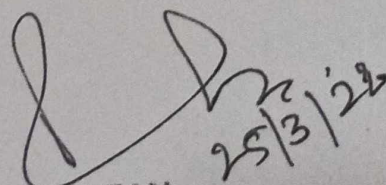

Dr. Sonal Lahoti was a part of my institution for 5 years. She was an extremely conscientious girl. Her academic credentials were outstanding. It was her meticulous hard work and perseverance which made her in the top 10 rankers amongst the batch of 100, for 4 consecutive years during her tenure. Her project works were excellent. She had also designed posters for few departments. She had made substantial contribution to the social causes and was an active participant of the numerous health programs conducted by the college on the private and the public platforms. She had not only attended National level conferences, State level conventions and continued dental education programs during her course but had also effectively implemented the knowledge garnered through them.

Her extracurricular records are worth mentioning. Her organization skills, orating capabilities and leadership qualities were commendable. She was not only the member of the annual fest committee but had also supervised and hosted events and accomplished them successfully. She was a popular and a recognizable face of the cultural team.

I hereby can assure that Dr. Sonal Lahoti is a diligent student who will remain committed and dedicated in the long run and will prove to be a valuable asset.

LETTER OF RECOMMENDATION

It gives me immense pleasure to recommend Dr Sonal Lahoti for the advanced program in your university.

I have known Sonal during her tenure in our college. During her postings in Prosthodontic & Crown and Bridge department, I found her extremely polite and humble towards patients and never seen her shirking duties. She had good rapport with the patients and was able to calm them down by explaining complicated dental procedure in layman terms, showing excellent communication and patient management skills.

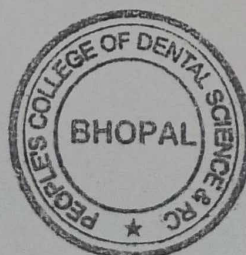

Under my guidance she successfully made complete Dentures and Removable Partial Dentures, following up with patients without any complaints and complications, she also provided assistance in clinical work being done at the department. Her theoretical knowledge coupled with clinical skills gave a tough competition to her fellow mates and made her distinguished amongst others:

I hold Sonal in the highest esteem and I am confident that she will continue to apply herself to the best of her ability

LETTER OF RECOMMENDATION

I'm writing this letter with pleasure to give my highest recommendation for Dr. Megha M Money, our student in bachelor of Dental Surgery (batch 2016), where I'm the dean. She has been very organized and self-motivated, throughout the time I've known her.

The first time she was noticed, was during the cultural fest, due to her active involvement in dancing and organizing the function. After that, her name became a buzz among all the teachers and students, as they all witnessed her leadership potential and sense of responsibility.

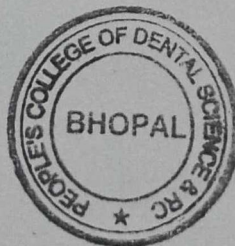

She has always been consistent in her studies and has maintained her position on the college merit list. Her curiosity and intelligence have made her stand out of the crowd, and to achieve an aggregate Third Rank in our college.

Throughout her internship experience, she could take and interpret X-rays, diagnose dental problems and implement treatment plans. She has filled many cavities, extracted teeth, made complete dentures, and assisted in various surgeries. She demonstrated a special capacity to work with elderly patients, by calming their nerves and making them comfortable, while undergoing dental procedures.

I believe that her talent and hunger for knowledge will surely prove her to be a diligent student in your institution. It is therefore without reservations, that I recommend her for the master's course she'll be applying for. I hope you take her application into account.

LETTER OF RECOMMENDATION

I'm very pleased to write this recommendation letter for Dr Megha M. Moncy, for pursuing her further studies in your illustrious university. My acquaintance with her during her final year and internship, has given me opportunity to observe her closely and judge her capabilities.

I have assessed that she is always interested in research field, as her theoretical and academic knowledge is on point. She is bright and attentive, and has always been among the top students in her class. Besides her exceptional communication skills, she has been an exceptional content writer too. So I'm confident that she will thrive in any academic program she chooses to pursue.

Megha was always involved in various extra-curricular and departmental activities, and has played a significant role in managing and making it a success. She has attended various camps during her internship and has showcased strong clinical skills. Her ability to work efficiently even under stressful conditions, especially while imparting community services in public health camps, is one of the attributes I admire in her.

Scaling all her abilities in academics as well as extra-curricular, I would rate her among the top students I've come across in this batch. Considering her keen interest in aspiring higher studies, I'm confident of her ability to reach the zenith of success. Hereby, I highly recommend her for pursuing Masters in Health Care at your esteemed university.

LETTER OF RECOMMENDATION

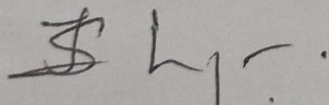

It is with absolute enthusiasm that I write this letter recommending Dr. Pallavi Singh at your esteemed university for Masters in Health program. I have seen Pallavi since 5 years of her BDS, in which I have been able to supervise and mentor her. I am a professor and HOD of the Department of Public Health Dentistry.

Pallavi has proven to be one of the most exceptional dental students and was a gold medallist in the subject of public health. She has expressed to me that her goal is to gain knowledge and skills to help make a positive impact on the delivery and quality of healthcare programs. She desires to prevent illness and promote health. During her entire course, she has attended various dental health check-up camps which were organized by our hospital in rural areas. She has a wonderful rapport with people of all age groups. She has also been recognized for her valuable contribution to the oral health check-up camp organized for 4000 school students. In conjunction with academic knowledge, she has profound clinical skills to diagnose and treat a wide spectrum of dental problems.

Moreover, she has enthusiastically participated in numerous health promotion programs which are an integral part of the course. One such program was "Empowering Minds for Tobacco Cessation", where she exhibited her skills to reduce oral health problems by raising awareness. I believe she is an outstanding community-oriented dentist catering to the health needs of people.

She has also participated in the poster-making competition "COVID-19 Frontline Warriors", in which she demonstrated the tangible efforts of healthcare workers to combat the invisible enemy. Through this and her many other activities, she has demonstrated a blended number of skills and attributes to reduce the healthcare disparities in our communities. Perhaps, most importantly she accomplishes all of this with a sense of humility and authenticity.

Pallavi possesses resilience, integrity, and the ability to collaborate with other healthcare providers to achieve a shared vision. Your university would be a perfect fit for her to develop skills and gain knowledge to become a global health professional. I strongly recommend Dr. Pallavi Singh for this program, and your favorable consideration of her application will be appreciated.

LETTER OF RECOMMENDATION

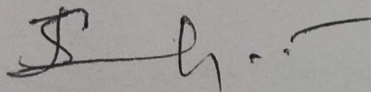

I am more than happy to present this recommendation letter to you for Dr. Pallavi Vaswani. As a student, Pallavi was inquisitive and always looking for innovative solutions to even the most basic issues. She has been my student for over 2 years. And I have seen that she is always interested in the research field as her academic and theoretical knowledge is on point. Her inquisitive nature translates her career well.

Pallavi has been a brilliant student with strong clinical skills. She has attended various camps as a part of her internship and helped many patients to cure their diseases. She is extremely kind to the patients and worked persistently till the end. Her efforts for the patients in the camps are commendable. She always makes sure that all the patients are receiving proper care and treatment.

Moreover, Pallavi has contributed to the department by offering a nice presentation on the topic, 'Defluoridation techniques' as a part of her project, displaying her exceptional vocal and good understanding power. She has well researched the topic showing her interest in the subject. Her efforts in the project were admirable.

I remember she has been extremely talented while working in my department. She has helped in the department in making a departmental video where she has shown her great editing and communication skills and made us proud of her work. Besides her exceptional communication skills, she has been an appreciable content creator and a content writer.

I am truly impressed by her nature of work. And I am sure that she will do wonders wherever she will go in life. She is a great resource not only to our institution but to the world. I highly recommend her. I strongly believe that she will be a great asset to any institution. Therefore, I put Dr. Pallavi Vaswani forward to every university seeking an immensely talented and valuable student in every field.

LETTER OF RECOMMENDATION

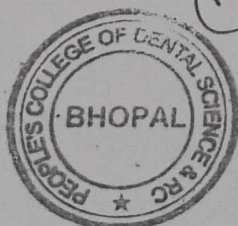

It is my pleasure to write a letter of recommendation for Dr. Pallavi Singh, a talented under graduate student who has devoted her learned skills in our dental college as a student as well as an intern for over 5 years. Pallavi has been a highly valuable asset to me as a part of my institution, and ranks among the best students I have ever supervised. I recommend her to you very highly.

Pallavi has shown an extremely high level of dexterity, critical thinking, and self motivation throughout the time I have known her. She is a highly organised individual who can manage patients and emergency situations extremely efficiently. Her patient skills are top-notch, and she is highly skilled at building rapport with the patients. In addition to her high social ability, Pallavi is also a very promising dentist. She is knowledgeable about variety of dental techniques and processes. Her duties in the departments included preparing the patient, diagnosing the disease and radiographic interpretation, various restorative and cosmetic procedures, local anesthesia and extractions, alveoloplasty, apicectomy, suture removal, scaling and root planning; assisted numerous complex dental surgeries, impression making and denture fabrication. Moreover she has attended various dental health check-up camps to spread dental awareness amongst the community. I am pleased to say that she exceeded the expectations through her performance. I believe her curiosity and intelligence has made her a highly qualified dentist.

Overall I give Pallavi my highest recommendation. She is one of the best students I have supervised. She has a tremendous capacity for independent work and the desire to create beautiful smiles for patients. I fully expect her to be as excellent and productive as she was in my dental institution. It is certainly with great pleasure that I recommend Dr. Pallavi Singh for your institution. I hope you will take her application into account.
