

PEOPLE'S UNIVERSITY

(Established Under MP Act 17 of 2007)

SCHOOL OF RESEARCH & TECHNOLOGY

AN ISO 9001: 2008 Certified Institute

Course Outcomes		Department -	Civil Engineering
Course Title:	Project Management		
Subject Code:	MTUP- 201		
Program:	M.Tech	Semester : II	
Credits:	T-3+1	P-NIL	Total : 04
Course Outcome			
1	Student should able to know various Apex Bodies in the Country. Planning, Programming		
2	Student should able to know Planning and Development administration at National		
3	Student should able to know Governance in relation to Planning Process		
4	Student should able to know Public relation and their effective participation in planning		
5	Student should able to know Important role of PPM method planning and programming		

Course Outcomes		Department -	Civil Engineering
Course Title:	City and Regional Planning		
Subject Code:	MTUP- 202		
Program:	M.Tech	Semester : II	
Credits:	T-3+1	P-NIL	Total : 04
Course Outcome			
1	Student should able to know Understanding the city as an organism, the socio-political		
2	Student should able to know Definition and process of Urbanizations, Urban- Rural Relationship		
3	Student should able to know Aims, objectives, relevance and scope of regional planning		
4	Student should able to know Theories of spatial structure, regional imbalances and growth models		
5	Student should able to know Regional Planning in India: Evolution of regional planning		

Course Outcomes		Department -	Civil Engineering
Course Title:	Land Economics and Management		

Subject Code:	MTUP- 203		
Program:	M.Tech	Semester : II	
Credits:	T-3+1	P-NIL	Total : 04
Course Outcome			
1	Student should able to know Economics, Positive & Negative Economics, classical & non-classical		
2	Student should able to know Value of Commodity, Perfect Market Conditions		
3	Student should able to know Theory by Von Thunen, Alonso's Bid Rent Function Theory		
4	Student should able to know Administrative Incompetence, Social Disorganisation		
5	Student should able to know Approaches to Valuation Public Finance		

Course Outcomes		Department -	Civil Engineering
Course Title:	Environmental planning and management		
Subject Code:	MTUP- 204		
Program:	M.Tech	Semester : II	
Credits:	T-3+1	P-NIL	Total : 04
Course Outcome			
1	Student should able to know Environment, Ecology, Man-Environment relationship		
2	Student should able to know Global issues (1) Global warming (2) Ozone depletion (3) Biodiversity		
3	Student should able to know Air & noise Pollution; Definition, terminology		
4	Student should able to know Introduction to land use planning, principles and land use planning		
5	Student should able to know Engineering geological investigation and interpretation		

Course Outcomes		Department -	Civil Engineering
Course Title:	Urban Regeneration & Conservation Techniques		
Subject Code:	MTUP- 205		
Program:	M.Tech	Semester : II	
Credits:	T-3+1	P-NIL	Total : 04
Course Outcome			
1	Student should able to know Quality of historic cities and areas: problems and issues		
2	Student should able to know Planning procedures: inspection and surveys, investigation		
3	Student should able to know Implementation of plans and urban management		
4	Student should able to know Symptoms and pre-conditions that warrant the need for regeneration		

5	Student should able to know National urbanization policy, goals and objectives of urban regeneration
---	--

Course Outcomes		Department -	Civil Engineering
Course Title:	Lab III (Planning Studio-II)		
Course Code:	MTUP-206		
Program:	M.Tech.	Semester - II	
Credits:	T - Nil	P - 06	Total - 06
Course Outcome			
1	To understand the basic knowledge of Preparation of a Development Plan for a town or city including		
2	To be able to understand the use of Town Planning schemes including costing & phasing		
3	To get to know about the use of analysis, costing, phasing and methodology of implementation.		
4	To understand how to solve the Improvement of traffic junctions for urban landscape including costing		
5	To understand the concept of Conservation and Preservation of old core as a port of Development Proposa		

Course Title:	Lab IV (Planning Studio Seminar- II)		
Course Code:	MTUP-207		
Program:	M.Tech.	Semester : II	
Credits:	T-Nil	P-6	Total-6
Course Outcome			
1	To be able to understand the concept of Planning evaluation		
2	To understand the Surveys conducted for the preparation of plans		
3	To get to know about the study of Planning Proposals		
4	To be able to understand the designing Preparation of development		
5	To be able to Planning proposals & analysis, calculation, recommendations
