

SCHOOL OF RESEARCH AND TECHNOLOGY

Department of **Computer Science & Engineering** had started a Student Chapter to provide unique opportunities for networking, latest techniques, mentoring and bonding over common interests. They provide support both within the student community and to local communities outside the institution. There are many reasons to join AIENG When you become a member. You become a part of the dynamic changes that are transforming our world, by helping to shape the future. AIENG provides the tools and resources to help get you there, by advancing your career and enriching your knowledge with life-long learning resources.

International Association of Engineers

The International Association of Engineers (IAENG) is a non-profit international association for the engineers and the computer scientists. IAENG was founded by a group of engineers and computer scientists in 1968, originally as a private club network for its founding members. Later, with the efforts from its members, IAENG membership became open to all the members in the engineering and computer science community.

It's goals is to promote the co-operation between the professionals in various fields of the engineering and to cultivate an environment for the advance and development of the technology. Other objective includes:

- ▶ Promoting the interactions between the engineers.
- ▶ Advancing the application of engineering techniques from the academics to the industry.
- ▶ Facilitating the exchange of information and ideas among the engineers and scientists freely.
