Virtual Training Program 2020

Guest lecture on

Pharmacist's perspectives for safe disposal of expired and unused medicines held on 25th May 2020

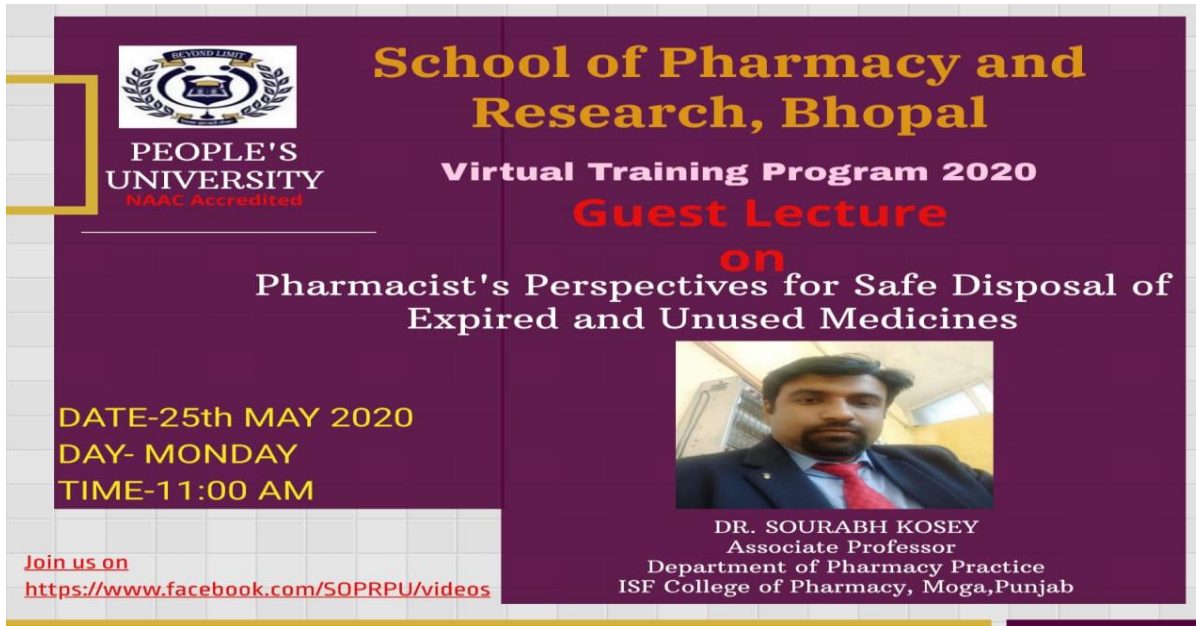

REPORT

The School of Pharmacy and Research, People's University, Bhopal organized a Guest lecture cum Training for Pharmacy students on 25th May 2020. The lecture was addressed by Dr. Sourabh Kosey Associate Professor Pharmacy Practice ISF College of Pharmacy, Moga.

He stated his speech by saying about the Readers Digest survey in India where the role of Pharmacists in Health Profession was discussed. Then he also shared the various views on Improper disposal of medicines can cause an environmental contamination which leads to health hazards. He had also given the basic ideas about currently; a high amount of pharmaceutical wastes flows through sewerage into the water bodies alarming the environmental scientist around the world and are also getting absorbed into the land when they are disposed of as solid waste in landfills. After these introductions to students he started discussing about Pharmaceutical and Radiopharmaceutical waste management methods using different types of dustbins. Worldwide the use of pharmaceuticals is increasing with time and newly identified pollutants may come as a threat to the environment in the future. After this he also given the examples of child proof containers to restrict the unintended toxicity to them.
