First of all BOS Chairman Ms. Raji N. Mishra welcomed all members and discussed the agenda of the meeting.

**Agenda of the Meeting:**

Compilation and submission of Revised Scheme and Syllabus of Diploma in Engineering (all branches) for new academic session 2019-20.

**Discussion in the Meeting was concluded as**

All members are identifying following salient points of revised scheme and syllabus of Diploma in Engineering.

1. Two week Induction program is introduced for all students belonging to diverse backgrounds to adjust themselves in the new environment of Engineering.
2. Diploma in Engineering Program is divided in two set: Set A (Civil Engineering and Computer Science Engineering) and Set B (Mechanical Engineering, Electrical Engineering and Electronics and Communication Engineering) for smooth conduction of academic in first year.
3. It is noted during the development of revised curriculum, a concern was shared that in the present system, syllabus is heavily loaded and it is of utmost importance that the students entering into the engineering course should feel at ease by lowering the burden of syllabus and credits. So, total numbers of credits have been reduced from 200 to 192 as per AICTE model curricular guidelines. In continuation with the above, scheme syllabus of all semester of all coursed are modified.
4. Common code DPE is adopted for common subjects who are applicable in all branches. DPE indicate Diploma in Engineering
5. Followed UGC and AICTE guidelines many new value added courses have been included i.e. Environmental Science and Disaster Management, Professional Skills, Development of Professional Ethics, Renewable Energy etc. with subject experts consultation.
